

Securio B24 Paper Shredder

Features

- Uses Energy Management and Control System (EMCS) – dealing with energy in sensible manner. **Energy consumption reduced up to 70%.**
- Automatically switches to energy-saving mode in 2 minutes after last use; switches off entirely if not used for 4 hours; temporary mode for small shredding jobs; and permanent mode for large shredding jobs.
- Multi-functional control key with reversing function and shred-bin level indicator.
- Level indicator.
- Removable waste container.
- Folding safety element.
- Cutting rollers are V-TEK by HSM with specially hardened steel rollers. This optimum design of all cutting unit components saves valuable energy.
- Continuous motor operation.
- Shreds documents with a pleasantly, quiet operating sound.

Specifications

Strip cut

Cross cut
