

SALES ADVANTAGES FOR THE IFOLD100 AND IFOLD300 PLUS

- 1. IN A TEST OF FOLDING AND COLLATING A THREE PAGE DOCUMENT AND MAKING 20 SETS, THE IFOLD300 WAS 82.61% FASTER THAN THE IFOLD100. THE IFOLD300 COULD DO BETWEEN 5 AND 6 SETS OF 20 IN THE SAME TIME AS THE IFOLD100 COULD DO ONE SET, WHICH INCLUDED COLLATING.**
- 2. JOB-COUNTING, PRE-COUNTING (DOWNWARDS) AND TOTAL COUNTING OF THE FOLDS (I.E. IMPORTANT FOR COPY SHOPS, ETC. AS THEY MAY CHARGE FOR THE FOLDS).**
- 3. THE IFOLD300 HAS A COLLATING FUNCTION. AS ONE FEEDER EMPTIES, IT WILL TAKE FROM THE SECOND FEEDER AND THEN THE THIRD. WHILE THIS IS TAKING PLACE, YOU CAN FILL THE EMPTY FEEDER.**
- 4. REMOVABLE INFEED-ROLLERS AND SEPARATING PADS AVOID NEARLY ANY REPAIR-COSTS AS CONSUMABLES CAN BE CHANGED BY ANY OPERATOR WITHIN SECONDS.**
- 5. ADJUSTABLE PRESSURE FOR EACH FEEDER TO THE INFEED-ROLLERS ENSURES A HIGHER VARIETY OF PAPER, WHICH CAN BE FOLDED, I.E. COATED PAPER, ETC. (71 – 215 GRAINS /SQ. FEET).**
- 6. VARIABLE SPEED OPTIMISES A PROPER STACKING OF THE FOLDED FORMS, INFLUENCES THE DRAW-OFF FOR DIFFERENT PAPER-SURFACES AS WELL AS THE NOISE REDUCTION.**
- 7. NO FAN-FOLDING REQUIRED, THE OPERATOR CAN PUT IN THE SHEETS LIKE IN A COPIER. CLAMPING OF THE PAPER GUIDES ENSURES AN ACCURATE FOLD AS THE PAPER GUIDES HAVE NO WAY TO WIDEN THEMSELVES DUE TO VIBRATION, ETC.**
- 8. A SKEW FINE ADJUSTMENT OF THE FEEDER VIA A SCREW ON THE BOTTOM OF THE FEEDER ENSURES THAT ANY QUALITY OF PAPER CAN BE FOLDED EXACTLY IN THE RIGHT ANGLE.**
- 9. THE FOLDING POCKETS ARE INSIDE THE FOLDER THUS KEEPING THE FOLDING NOISE IN SIDE THE FOLDER, SO THAT THE FOLDER IS REALLY MADE ALSO FOR THE OFFICE ENVIRONMENT.**
- 10. QUICK ADJUSTMENT OF THE FOLDS CAN BE ADJUSTED WITH ONE HAND WITHIN A FEW SECONDS. WITH THE FINE ADJUSTMENT VIA THE SCREW, THE FOLD LENGTH CAN BE ADJUSTED VERY EXACTLY.**
- 11. ROLLER BEARINGS AND A SOLID CRAFTSMANSHIP ENABLE THESE FORME TO PROCESS UP TO 50,000 FORMS A MONTH.**

- 12. THE FOLDERS DO HAVE A HIGH STACKING CAPACITY AND CAN BE OPERATED ANYWHERE ON ANY DESK. MANY FOLDERS REQUIRE A TABLE EDGE, WHERE THE STACKER OF THE FOLDER HAS TO BE MOUNTED SEPARATELY UNDER THE DESK.**
- 13. THE FOLDERS HAVE A REAL NICE OFFICE DESIGN TO FIT IN ANY MODERN OFFICE ENVIRONMENT.**
- 14. DAILY MAIL OF UP TO 5 SHEETS CAN BE MANUALLY INSERTED INTO THE FOLDERS. THE REACTION TIME OF THIS FUNCTION CAN BE ADJUSTED FROM 0.1 TO 2.0 SECONDS.**
- 15. THE iFOLD300 IS THE ONLY FOLDING MACHINE WORLDWIDE THAT IS ABLE TO FOLD AND COLLATE FORMS FROM UP TO THREE STATIONS.**
