### SEM 2226P Cross-Cut Shredder

#### Technical Info

- The Model 2226P is a Cross Cut shredder ideal for the small to medium office environment. With a sheet capacity of 16 sheets, this unit allows you to shred at a good pace for the busy office and gives you the added security of a cross cut unit. Designed with Safety in mind, this unit also includes a SPS (Safety Protection System). The SPS is an electronically controlled safety flap in the feed opening as an additional safety feature to help prevent industrial accidents and/or overfeeding.
- Shreds up to 16 Sheets.
- Available in 220V and international voltages - special orders
- NSN: 7490-01-475-4305
